

## **PRODUCT CHANGE NOTIFICATION**

**DATE:** April 9, 2026

**PCN #:** WTE-2026-001

**SUBJECT:** Watertight Enclosure Aluminum Tubes Updated Design (removed racking grooves)

### **PRODUCTS:**

BR-100534-100, BR-100534-150, BR-100534-300, BR-100611-150, BR-100611-240, BR-100611-300, BR-100611-400, BR-100195-200, BR-100195-300, BR-100195-400, BR-101409-300, BR-101409-500, BR-101411-300, BR-101411-500, BR-101412-300, BR-101412-500

### **CHANGE DESCRIPTION:**

All aluminum tubes have been updated to remove the racking grooves featured in the previous version. All aluminum tubes have been replaced with new part numbers. Old versions of aluminum tubes have been retired and remaining stock moved to <https://bluerobotics.com/store/other/the-abyss/watertight-enclosure-tubes-reduced-depth-rating/>

### **CUSTOMER IMPACT:**

Minimal. Tubes have the same internal and external dimensions. 6" and 8" series tube have reduced depth rating to 800 meters. All information and updated CAD files are available at <https://bluerobotics.com/store/watertight-enclosures/locking-series/wte-locking-tube-r1-vp/>

### **IMPLEMENTATION DATE:**

April 8, 2026
